Special Session Call for Papers
IEAAIE2015 Special Session on
Statistical Learning and Its Applications

<p>Special Session Organizer:</p> <p>Yung-Seop Lee Dongguk University, Seoul, Korea E-mail: yung@dongguk.edu</p>	<p>Introduction/Call for Papers</p> <p>Statistical learning is to build predictive or descriptive models based on data using supervised learning, unsupervised learning, and other learning techniques. It also has many applications in research and real-world.</p> <p>This special session cover various fields related statistical learning theories and applications. The prospective researchers are welcome to share their interests and the topics will be the following, but not limited.</p> <p>Topics</p> <p>Statistical Learning Theory Data Mining Machine Learning Nonparametric Statistics High Dimensional Data Analysis Bioinformatics Applied Bayesian Nonparametrics Computational Bayesian Methods Data Visualization Generalized Linear Models and other related topics.</p> <p>Submission Important Dates</p> <p>December 25, 2014 : Deadline for submission of full-length papers to special sessions. January 25, 2015 : Acceptance/Rejection's Notification. Feb 25, 2015 : Final camera-ready papers due in electronic form.</p> <p>Manuscripts for a Special Session should NOT be submitted in duplication to any other regular or special sessions during the review period. All papers should be submitted electronically in PDF format to the special session organizer.</p> <p>For further information, please email to: Prof. Yung-Seop Lee: yung@dongguk.edu.</p>
